Some of the "old hands" around Blairmore are inclined to refer to the female element of the rising generation as "flappers."

Oklahoma suffered a loss of \$11,000,000 on March 30th, when seventy-five per cent. of the state's fruit crop was destroyed by frost.

FORMER PASS RESIDENT MARRIES AT THE HAT

A pretty Easter wedding took place at Knox Memorial Church, on Thursday evening, 24th March, Rev. J. A. Claxton, M.A., B.D., officiating, when Rose Ida Reekie, daughter of Mr. and Mrs. James Reekie, Balmoral Street, became the bride of Harry C. Merrifield, son of H. D. Merrifield, city treasurer, and Mrs. Merrifield. This was the first marriage service performed in the new Knox Memorial church and it was beautifully decorated for the occasion with palms and ferns and beautiful Easter lilies. At her father's house, a modish suit of lawn cloth embroidered in oriental design with hat to match, and carrying a large bouquet of bridal roses, Miss Thelma O'Rourke attended the bride, wearing a navy blue tailored suit. She carried pink carnations. Mr. Tom Boler acted as groomman. The wedding music was provided by Miss Sinclair, who played Mendelssohn's Wedding March, the choir singing "The Veil of the Bride." At the close of the ceremony Mr. Claxton presented the bride and groom with a Bible, to mark the occasion of the first wedding in the church. A wedding dinner and dance followed in the dining hall of the Commercial Hotel, where the table was artistically decorated with pink carnations and roses and centred by a bride's cake. Covers were laid for about thirty. Among many beautiful presents received by the young couple was a piano from the bride's parents and a fine cabinet of silver from the bride's Wholesome Co. where Mr. Merrifield is employed. Following the dance, Mr. and Mrs. Merrifield repaired to their new home in the city—Medicine Hat News.

COAL PRODUCTION AND EXPORT

Throughout Canada the coal-mining industry is at present quiet, owing to abnormally mild weather and a falling off in exports. On Vancouver Island the bunkers are filled, but few steamers are calling for supplies, and a similar condition exists on the Atlantic Coast. The demand for Alberta coal fell off materially in January and has remained slack ever since. The Maritime miners report that they are unable to compete in the export markets because of the high cost of production. Nova Scotia in 1920 exported 1,270,000 tons as compared with 995,000 in 1919; British Columbia 1,150,000 tons in 1920 as compared with 1,014,000 tons in 1919. The imports of bituminous coal into Canada amounted to 999,862 tons in 1920, as compared with 1,010,480 in 1919. The imports of anthracite declined slightly from 1,913,000 tons in 1920 and 1,972,000 tons in 1919. Except in Saskatchewan, the output from Canadian mines was in excess of that of the previous year. Alberta's production represented 41 per cent of the total of 16,368,000 tons. Last year's production was the highest on record, but nevertheless 20,815,000 tons were imported, and of this amount Central Ontario took 12,320,000 and Quebec 5,048,000 tons.

IS IT UNTHINKABLE?

Ten and fifteen years ago, Germany was building a navy to compete with that of Great Britain or any other power. A wave of hate against Great Britain was sweeping over that country at the same time. In spite of all this the world said that war was unthinkable. Today the United States is building a navy to beat the world. A wave of anti-British hatred is sweeping over that country. In spite of all this the world says that war is unthinkable.—Kincaidine Review.

Dr. R. K. Little and J. B. Wilson spent the week end in Calgary.

LEGAL STATUS OF WOMEN OF ALBERTA

The second edition of the booklet "Legal Status of Women of Alberta" has just been issued by and under the authority of the Attorney-General. In addition to bringing "The Legal Status of Women of Alberta" up to date, including amendments to former statutes and new Acts, legislation on a number of other subjects has been quoted. Attention is especially called to the recent amendments to the Criminal Code for the better protection of women and children and also to the protection afforded to widows and ill-used wives through some of the English laws in force in the Province. The Department of Extension has a large number of these booklets in stock. A small charge of twenty cents (20c.) is made, merely to cover the cost of printing and postage. They may be secured by writing to the Department of Extension, University of Alberta, Edmonton, Alta.

RED CROSS MEMBERSHIP DRIVE

A Red Cross worker in the primitive sections of the West made a discovery last summer. She visited a saw mill camp, and while there, discovered two men, one of whom suffered a kick in the shin while his axe and was unable to get any treatment for it. The other had suffered a kick in the shin while his axe and the jaw bone was broken. He was unable to get the bone set. Both travelled over 30 miles to a place where they hoped to find a doctor and they travelled in vain. When they arrived they were all in. They were put to bed and remained there until, as in the case of animals, their hurts healed and they were able to go back to their work. The net result of their failure to receive attention at the proper time, or indeed at any time, is that one will hardly for life and the other will have a terribly disfigured face. The Red Cross, organized for peace will, by its guidance and expert advice, make it possible for all such far away communities to have something like adequate medical and nursing attention by equipping hospitals and nurses' quarters and providing suitable surgical and medical supplies for the treatment of all such similar cases, whether of accident disease or what not. Not only that, but the Red Cross aims to give lessons in first aid to the sick and injured and to teach people who, by reason of the nature of their occupations, must live far from medical and nursing aid, what they should do to aid suffering who come within the zone of their influence. The Red Cross, it is realized, is needed now more than at any other time in the history of the country, and it is earnestly hoped by those who are endeavoring to organize the humanitarian forces of the world that western Canadians to the very farthest west, man, boy and girl will join the Red Cross when the campaign is on from June 5 to 11.

HERALD SUNSHINE SOCIETY

Have you ever heard of the Herald Sunshine Society? It is conducted by The Herald Publishing Company and is of particular importance and value to the community of Calgary and outlying districts. Since the first of January, 1921, The Herald Sunshine Society has looked after the needy families, supplying food, fuel and clothing, providing employment for men, women, boys and girls, and caring for from eighteen to twenty children every day at the day nurseries supported by this society. If deserving information are encouraged to make use of The Herald Women's Department for this purpose. If you are not already a subscriber to The Herald, send your subscription today to J. H. Farmer, Blairmore; I. Wilson, Frank, or J. J. Loftus, Hillcrest.

The Great Sweetener

Thousands Trained

At St. Dunstan's

Men Blinded in War Are Earning Good Living.

Thousands of blind have been trained at St. Dunstan's Hostel for Blind Soldiers and Sailors, London. Twenty-three thousand men with damaged sight were discharged from the British army at the end of the war. The organization has been working for five years on the problem of rehabilitating these men and many have been returned to productive industry. The men are taught massage, poultry farming, mat making, basket making, boot repairing, joinery and music. Many efficient stenographers, telephone operators and typists have been trained at St. Dunstan's and are now working at regular employment in London offices. The stenographers have a special machine which records Braille figures on a tape, which the stenographer later reads in transcribing his notes. The organization also extends to the colonies, and St. Dunstan's men are now to be found in every part of the world.

Rheumatism Relieved In 1 to 3 Days. South American Rheumatic Remedy is a wonderful medicine in the treatment of acute or inflammatory rheumatism, chronic rheumatism, lumbago, neuritis, and all ailments due to rheumatism. It cures in 1 to 3 days. At drug stores.

Manna Still Falling

United States Consul Writes From Mesopotamia of Peculiar Dew.

The feeding of the children of Israel upon manna from heaven during their 40 years of wandering in the wilderness en route to the land of Canaan, as related in the Bible, is not mere poetry and does not record a miracle. This is the conviction of Oscar S. Heizer, United States consul at Persia, in an official report. Consul Heizer states that manna is found now in the regions of upper Mesopotamia and Kurdistan and along the Persian frontier. It falls, he says, in the form of dew.

Immediately after falling, the manna hardens and assumes the form of a grain. Early in the morning, before the heat of the day, it is gathered.

A diligent man can always find leisure, a lazy one never.—Ancient.

And His Family Medicines

MOST people first knew Dr. Chase through his Receipt Book. Its reliability and usefulness made him friends everywhere.

When he put his Nerve Food, Kidney-Liver Pills and other medicines on the market they received a hearty welcome, and their exceptional merit had kept them high in the public esteem.

Take Dr. Chase's Kidney-Liver Pills for example. There is no treatment so common as to blame the kidneys for all ailments, and the kidneys are the most important organs of the body. They are the great filters of the blood, and if they become clogged, the blood becomes impure, and the whole system suffers. Dr. Chase's Kidney-Liver Pills are the best remedy for all kidney ailments.

One pill a day, or a box of all diseases of the kidneys, bladder, and prostate. Dr. Chase's Kidney-Liver Pills.

"Your Teeth"

By Res. Proctor McGee, M.D., D.D.S., Editor of Oral Hygiene.

THE TOOTH BRUSH DRILL

Copyright, 1921, by Res. Proctor McGee.

The size of the tooth brush, as well as its shape, is a matter of personal opinion. It would be reasonable to use a large brush for a large mouth, and a small brush for a small mouth. The bristles should be of medium stiffness and good quality. There must, of course, be a dentifrice; this may be any good tooth powder or paste, or merely clean soap. A good powder, however, is preferable to any other dentifrice. One of the main things to be brushed the margins of the gums.

Silk floss for cleaning between the teeth is a splendid aid.

During the last eight years of school dental clinics in Cincinnati, the following tooth brush drill has been worked out and is used successfully to teach children how to clean their teeth:

Attention—Hold brush up in right hand at the height of the shoulder, in front of child. (This is so as to be able to see that the brush is clean.)

Upper Teeth—1. Place brush in mouth, upper right, where the gum and tooth join. Turn down towards grinding surface eight times.

2. Brush upper front. Place on gum and turn down eight times.

3. Brush upper left. Place brush on gum, turn down eight times.

4. Brush upper right inside. Place brush on gum and turn down eight times.

5. Brush upper front inside. Place brush vertically, brush down eight times.

6. Brush upper left side. Place brush on gum and turn down eight times.

7. Place brush on grinding surface of teeth, upper right, scrub forward and back eight times.

8. Place brush on grinding surface of teeth, upper left, scrub forward and back eight times.

Lower Teeth—9. Place brush in mouth, lower right, where the gum and the tooth join. Turn towards grinding surface eight times.

10. Brush lower front. Place on gum, turn up eight times.

11. Brush lower left. Place brush on gum, turn up eight times.

12. Brush lower right inside. Place brush on gum, brush up eight times.

13. Brush lower front inside. Place brush vertically, brush up eight times.

14. Brush lower left inside. Place brush on gum, turn up eight times.

15. Place brush on grinding surface of teeth, lower right, scrub forward and back eight times.

16. Place brush on grinding surface of teeth, lower left, scrub forward and back eight times.

Attention—Hold brush in right hand. (See how clean the brush is now.)

Last—See that each child's brush is thoroughly rinsed with fresh water and put away in a clean place.

Soldiers' Civil Re-Establishment.

A total of 50,521 men were accepted for training by the department of Soldiers' Civil Re-Establishment from inauguration to the end of 1920, according to the annual report. Statistics compiled by the department show that 70 per cent. of the men who have graduated have been able to follow the line of their training. The number of patients treated during the past year was 23,591. In addition to these figures, outside clinics have been operated and 447,142 treatments given. The total expenditure of the department was \$27,671,493.

Ten yards in the city of Glasgow is used to abolish the most revolutionary occurrence in Scotland in two centuries.

Recent experiments of injecting appendicitis patients with serum have been so successful that operations with the knife may soon be abolished.

Income Tax Figures

Eleven Canadians Paid Income Taxes On Incomes of \$200,000 or Over During Last Fiscal Year.

Eleven individuals paid income taxes on incomes of \$200,000 or over during the last fiscal year, according to the announcements made in the House of Commons. Altogether 123,588 people paid income taxes in 1918. Of this number, 12,774 were farmers. The total number paying income tax during 1917 was 53,730, including 8,962 farmers. The cost of administering the business profits tax act and the income tax during the fiscal year 1920 was \$1,051,537, as compared with \$495,797 in 1919, and \$108,196 in 1918.

Asbestos Found in Okanagan Valley. A Dominion Government surveyor reports discoveries of asbestos in the Princeton district, and also west of Okanagan Falls in the Okanagan Valley.

Cramps! Cramps! Cramps! How To Stop Them Quick

When you have cramps, it is a mighty quick relief that you want. Good Old "Nervine" is sure to death-tackle cramps in a hurry. Just a few drops in sweetened water, and the pain is gone. Buy a bottle of trusty old Nervine to-day and keep it handy. Nervine is a common household necessity, and is so useful in case of sudden illness, at night, or when cramps, nausea, diarrhoea, vomiting or the like occurs. Sold everywhere in large 35 cent bottles.

Construction Work in West. Contracts for building construction during January and February of this year in the western provinces totalled \$5,473,300 in value compared with \$3,900,000 during the first two months of 1920. \$2,657,000 in 1919, \$1,727,200 in 1918. The increase for this year is taken as an indication that Western Canada is handling its big programme of deferred building.

Nothing To Equal. BABY'S OWN TABLETS

Mrs. Georges Lefebvre, St. Zenon, Que., writes: "I do not think there is any other medicine to equal Baby's Own Tablets for little ones. I have used them for my baby and would use nothing else." What Mrs. Lefebvre says thousands of other mothers say. They have found by trial that the Tablets always do just what is claimed for them. The Tablets are mild but thorough laxative which regulate the bowels and sweeten the stomach without harsh indigestion, colic, flatulence, colic, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Electricity From the Air. Prof. Paulson Declares the Atmosphere is a Storehouse of Electricity.

Prof. Paulson, of Hamburg, declares that the atmosphere is a storehouse of electricity, and he believes that unlimited supplies of the "juice" can be extracted from that source. He suggests that balloons be used as collecting antennae. They should have metallic surface bristling with points. Sent up in groups, and connected with an aerial network of conducting wires, they would gather electricity at an elevation of three hundred yards and transmit it by wire to suitably equipped stations on the earth.

This could be drawn out of the sky a continuous high-frequency current which might be employed for all sorts of useful purposes, including electrochemistry and electro-metallurgy. Energy thus obtained would be much cheaper than what coal could be carried on in desert areas and over lakes, so as not to occupy territory valuable for agriculture or other purposes.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

A race of 40,000 head-hunting cannibals, deemed to be the smallest human beings, as a race, was recently discovered by an explorer in the New Hebrides.

Some seventy periodicals printed in Esperanto, the so-called universal language, are now published.

Muscular Rheumatism Subdued.—When one is a sufferer from muscular rheumatism he cannot do much to better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

Municipal Hospitals in Alberta. Eight municipal hospitals were in operation in Alberta during the past year, and four new hospital districts established. Schemes ratified by ratepayers up to the end of the year, provided for 1921, and 1922, and 1923, and 1924, and 1925, and 1926, and 1927, and 1928, and 1929, and 1930, and 1931, and 1932, and 1933, and 1934, and 1935, and 1936, and 1937, and 1938, and 1939, and 1940, and 1941, and 1942, and 1943, and 1944, and 1945, and 1946, and 1947, and 1948, and 1949, and 1950, and 1951, and 1952, and 1953, and 1954, and 1955, and 1956, and 1957, and 1958, and 1959, and 1960, and 1961, and 1962, and 1963, and 1964, and 1965, and 1966, and 1967, and 1968, and 1969, and 1970, and 1971, and 1972, and 1973, and 1974, and 1975, and 1976, and 1977, and 1978, and 1979, and 1980, and 1981, and 1982, and 1983, and 1984, and 1985, and 1986, and 1987, and 1988, and 1989, and 1990, and 1991, and 1992, and 1993, and 1994, and 1995, and 1996, and 1997, and 1998, and 1999, and 2000, and 2001, and 2002, and 2003, and 2004, and 2005, and 2006, and 2007, and 2008, and 2009, and 2010, and 2011, and 2012, and 2013, and 2014, and 2015, and 2016, and 2017, and 2018, and 2019, and 2020, and 2021, and 2022, and 2023, and 2024, and 2025, and 2026, and 2027, and 2028, and 2029, and 2030, and 2031, and 2032, and 2033, and 2034, and 2035, and 2036, and 2037, and 2038, and 2039, and 2040, and 2041, and 2042, and 2043, and 2044, and 2045, and 2046, and 2047, and 2048, and 2049, and 2050, and 2051, and 2052, and 2053, and 2054, and 2055, and 2056, and 2057, and 2058, and 2059, and 2060, and 2061, and 2062, and 2063, and 2064, and 2065, and 2066, and 2067, and 2068, and 2069, and 2070, and 2071, and 2072, and 2073, and 2074, and 2075, and 2076, and 2077, and 2078, and 2079, and 2080, and 2081, and 2082, and 2083, and 2084, and 2085, and 2086, and 2087, and 2088, and 2089, and 2090, and 2091, and 2092, and 2093, and 2094, and 2095, and 2096, and 2097, and 2098, and 2099, and 2100, and 2101, and 2102, and 2103, and 2104, and 2105, and 2106, and 2107, and 2108, and 2109, and 2110, and 2111, and 2112, and 2113, and Women's Sphere Her HOME and Her SOCIAL LIFE

OF particular importance to the women of the West is the women's section of THE CALGARY DAILY HERALD.

THIS department maintains the policy of giving constructive impetus to the woman's movement in the careful and accurate reporting of woman's activities and in giving publicity to the work undertaken by women's organizations.

THIS department covers a wide field and includes news of the Women's Institutes, U.F.W.A. and Red Cross throughout the province. News, both foreign and domestic, of general interest to women can always be found on the women's pages, and in addition many special features devoted to the housewife, the home mistress, home nursing and the problems of the parent, as well as a special juvenile department for the kiddies.

THIS strong department makes The Herald especially a paper for every home in the west.

WANTED—A SQUARE DEAL

The business situation seems to be that merchants are either foregoing profits, or taking losses. Everybody goes and bears it except labor, which intimates that its good time goes on forever.

It is to be apprehended that this lack of sound reasonableness on the part of labor may ultimately face it with the stern alternative of lower wages or no job.

As a matter of fact comparatively few people made money out of the war. Organized labor, skilled and unskilled, reaped a golden harvest, of course. It squeezed the crisis in to the last cent. Particularly it got what it took, which was far from little. Its wages were at least two jumps ahead of the cost of living now that prices are going down, the favorable distance is even greater. Labor has had a five-year chance to save money. Whether it has done so or not is another question.

What the several other millions of people in Canada—the toiling, moiling millions who got no increase of wages during the war, no bonus, or other easement—who got nothing out of the ordeal but sorrow, short rations and tall taxes—who suffered all and said nothing—what these inarticulate millions ask of organized labor is—A square deal.

They are the real victims of high wages, not the capitalist. The industry of the whole country is held by these stubborn fellows who demand war wages for peace services and half speed at that. The time seems to have come when organized labor should be willing to share again the common lot, and let other people have enough to eat and to wear, not to mention a roof over their head. At present they cannot, because high prices are waiting to follow high wages down—Montreal Standard.

COMET RACING TO MEET US

Alex. Burgess has handed us a paper from the east in which mention is made that a comet is now racing at fearful rapidity towards this earth, and according to calculations June 26 will be a fearful day for its inhabitants. There will be a demonstration of fireworks that will make the late explosive war seem like an old-time 24th of May celebration. Meanwhile we will add caution to our exuberance in advance to make preparation

BLAIRMORE SCHOOL REPORT

FOR MONTH OF MARCH

Primary
Enrollment for month 39, days school open 21, aggregate days' attendance 711, average attendance 33.39, percentage 88.73.
S. A. Steibings, teacher.

Grade I:
Teaching days school open 21, enrollment 40, aggregate days' attendance 738.5, average 35.16, percentage 87.9.
Elin H. Gavelin, teacher.

Grades I and II
Teaching days school open 21, enrollment 20, aggregate days' attendance 343, average attendance 19, percentage 95. Perfect in attendance and punctuality.
Henry Thomson, Peter Farmer, George Kent, Alice Thomson, Jack McPhail, George Brown, Harold McPhail, Frank Thomson, Betty Thompson, Willy Fraser.
Pearl MacNeill, teacher.

Grade II:
Enrollment 47, teaching days school open 21, aggregate days' attendance 895.5, average attendance 42.64, percentage 90.61. Perfect in attendance.
Lilith Aschbacher, Mike Kolisnek, Bruno Rinaldi, George Hinds, Helen Dutil, Elvina Lissa, Lila Marchal, Hazel Rapley, Alice Urria, E. E. Knappman, Anna Pozzi, John Harner, John Morency, Alphonse Capron.
E. McCaughey, teacher.

Grade III:
Enrollment for month 41, teaching days school was open 21, aggregate days' attendance 778, average attendance 37.78, percentage 92.14. Neither late nor absent.
Minnie Houbregs, Velma Bouthillier, Edna Christophers, Gladys Thibault, John Hayes, Walter Tibery, Margaret McDonald, James Joyce, Leon Steiner, Annie Belacky, James Kemp, May Hong Wick, Earl McLeod, Lena Fraser.
Blanche Pinkey, teacher.

Grade IV:
Enrollment for month 36, teaching days school was open 20.5, aggregate days' attendance 877.5, average attendance 33.04, percentage 91.77.
Cecile Marquis, teacher.

Grade V:
Enrollment 35, teaching days school was open 21, average days' attendance 33.04, percentage 91.91. Neither late nor absent.
Mervin Evans, Ronald McDonald, Annie Urrin, Leonard McDonald, George Christophers, Doris Smith, Millie Pondelick, Teresa Aschbacher, William Hamilton, Richard Randall, Jimmie McVey, Norma Joyce.
Vivian J. Keith, teacher.

Grade VI:
Enrollment 34, teaching days school open 21, aggregate days' attendance 684.9, average attendance 31.64, percentage 90.4. Fourteen pupils were perfect in attendance.
S. McMillan, teacher.

Grade VII:
Enrollment 28, teaching days school open 21, aggregate days' attendance 648.9, average attendance 26.02, percentage 92.92.
Rhoda McLaren, teacher.

Grade VIII:
Enrollment 23, days taught 18, aggregate days' attendance 395.5, average attendance 21.97, percentage 95.51.
E. M. Fulton, teacher.

High School
Enrollment 27, teaching days school open 21, aggregate days' attendance 662, average attendance 26.76, percentage 92.19.
Total enrollment of Blairmore public school was 372.
D. M. J. Conway, Principal.

CANADA'S TRADE ABROAD

The foreign trade of Canada during February was materially less than that of January, with an aggregate value of exports and imports amounting to \$137,000,000, as compared with \$174,000,000 in February, 1920. With the exception of agricultural products, there was a general decline in the value of exports, but this is due to lower prices rather than to a decrease in volume. The value of exports to the United States has remained constant, but there is a decline of nearly \$10,000,000 in exports to the United Kingdom, and of \$12,000,000 to other countries. Imports from the United States alone have amounted to nearly \$12,000,000. For the eleven months of the fiscal year to the end of February the imports are approximately equal to the exports in value.

The opening of our Port of Spain, Trinidad, branch on March 7, marks the entry of the bank into one more important commercial centre in the West Indies. Canadian exports to Trinidad and Tobago exceed in value those sent to any other British West Indian colony, and amounted in the ten months ending January, 1921, to \$4,230,413, as compared with \$2,840,267 for the corresponding ten months of the previous fiscal year. Of the total amount, wheat flour accounted for \$2,474,000, for the ten months ending January 1920. Other important items are cash, condensed milk, butter and cheese, coal, and paints and varnishes. The chief exports from Trinidad to Canada are co-coa beans, coconuts, sugar, and molasses; the total value of exports to Canada amounted for the ten months ending January last to \$49,754 as against \$69,726 for the corresponding period in the last fiscal year.

"Pussyfoot" Johnson, the temperance trouble agitator, was ordered back to the States from Windsor, Ontario.

Mortgage Sale of Valuable Farm Property.

Pursuant to the directions of the Registrar and by virtue of the Powers of Sale provided by "The Land Titles Act," under a certain mortgage which will be produced at the time of the Sale.

SATURDAY, THE 30TH DAY OF APRIL, 1921

At the hour of 2 o'clock in the afternoon, the following property, namely: South-West Quarter Section Nine (9), Township Nine (9), Range Two (2), West of the Fifth Meridian, containing 160 acres more or less, reserving to the Crown all mines and minerals.

TERMS
Terms of Sale to be twenty per cent cash at the time of the Sale, and the balance according to the terms and conditions to be made known at the time of the sale, or upon application to the Vendor's Solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save taxes for the current year.

The Vendor is informed that the above property is situated about 12 miles from the Town of Lundbreck, and that the property is a Quarter Section of 160 acres of which 60 acres are arable, 35 acres are cultivated, 50 acres are suitable for grazing land and 50 acres for hay land. The soil is a stable, one and a half miles of fair fencing, stock corral, and there is a flowing spring with good water. There is an old log house and a log stony black loam with clay sub-soil. There is an old log house and a log stony black loam with clay sub-soil. There is an old log house and a log stony black loam with clay sub-soil.

For further particulars and conditions of sale apply to
MESSRS. CARSON & CARSON, Barristers, Calgary, Alberta.

Dated at Calgary, in the Province of Alberta, this 16th day of March, A. D. 1921.

Approved: W. W. FORBES, Registrar.

CARSON & CARSON
Vendor's Solicitors.

Grandmother came to this House a Bride

SHE came into it perhaps 60 years ago, she enriched it with all the romance of youth, the experience of maturity and, thanks to its wonderful preservation, she was permitted to spend the evening of her life amid the old familiar walls.

And to-day it still stands—a trifle old-fashioned in architecture perhaps—but in every essential, a home rich in memories and a silent tribute to the wisdom of protection against decay.

B-H "ENGLISH" PAINT

No more chipping, cracking or peeling if you use B-H "English" Paint. The above formula stamped right on the face of every can is your guarantee of satisfaction. B-H "English" Paint is a paint that lasts as well as it looks. It covers a greater surface, gives a greater brilliance and lasts longer than ordinary paint.

For Canada's rigorous climate, no better surface saver can be found.

The Junior Mission Band invite the boys and girls of the Union Sunday school to their little concert to be held at the Mission hall on Saturday. - Props Secretary, Irene Kalfour.

A meeting of the executive and trustees of The Blairmore Arena, Limited, was held in the office of Mr. Olivier on Sunday last.

Word has been received that the Blairmore Chastanooga will be sold on the week of June 14th to the Indians.

Claim to fourteen million acres in Texas and Oklahoma, including the cities of Tulsa, and Oklahoma City and virtually the entire Burke-Burnett oil fields was filed in the supreme court at Washington in behalf of the Cherokee Indian nation, supported by a government patent issued by President Van Buren and certified as authentic by the interior department. The patent was discovered accidentally among the papers of a deceased chief of the tribe.

Bellevue Happenings

ORN, in Mr. and Mrs. A. Know - a son

BORN, to Mr. and Mrs. Trout on Monday last, a daughter

Steve Seaman has started in the stinging business in Bellevue

Bill Cole has moved to his new house on the Hawthorne ranch

Mrs. McGee, of Coleman, was visiting friends in Bellevue for a few days.

Mr. Barbour seems to be making love with descendants of baby Overland

Mrs. James Callan has arrived home from the coast, where she spent some time.

Mr. Sirett has moved into the house vacated by Mr. Cole, after thoroughly renovating the same

The basket ball team are putting in a lot of practice of late and are getting in pretty good trim for the season.

The Bellevue football team have secured a field from Mr. R. Conolly and are hard at work getting it in shape.

Rev. H. Peters is busy arranging a garden near the new parsonage. He is to nickname it "The Prize Grabber"

Mr. England, of Calgary, accompanied by his son and daughter in-law, are visiting with Mrs. S. J. Lamer for a few days.

Hillcrest Happenings

(By Our Own Dear Felix)

Jack Dudley is effecting repairs to his dwelling house.

Tom Hais has gone to his fruit ranch in British Columbia.

It is very likely that Labor Day will be fittingly observed in Hillcrest this year.

D Howeroft has received third news of the death of his mother in Lancashire England.

Miss Olive Howeroft is attending school again, having recovered from her recent illness.

Quite a number are making preparations for the big dance to be held in the Union hall on the 20th.

Mr. A. H. Dodd, our oldest old-timer, is progressing very favorably from the effects of his broken leg.

John Maddison is away to Mountain Park having received word of the serious illness of his mother William.

Ed Royle has moved into the house recently purchased by him from Mrs. D. Harris. R. Price has purchased Royle's house.

Jack Delicate has secured the contract to erect three cottages on the allotments. One chap by the name of Rob seems to be a very much interested party.

Hockey fans will learn with pleasure that Jack O'Neill, the great stop ten quick full-back goal-keeper for last season, has been signed on again by the Blairmore hockey club

The funeral of Mrs. John Serene, who died at Peaceful Valley on the 9th, took place on Monday and was largely attended. Mr. Serene is left with four small children.

The way property is changing hands here of late makes one feel that Hillcrest is in for a boom this season that will place the Fort Norman oil fields as an attraction away in the shade. Well, it's not safe these days to be a rent payer.

A small desk would not be out of place in the waiting room of the post office. At present it is almost necessary to use the floor if you want to seal or put a stamp on your letter, and stamping a letter with your foot is not a modern device by any means.

Edmonton public school teachers went out on strike on Monday.

Prospects are unusually bright for a splendid fruit crop in British Columbia.

Rev. D. K. Allan, of the Institutional church, Coleman, and W. T. Young, of the Union church, Blairmore, will exchange pupils on Sunday evening next.

A. W. Forgie, a specialist in boys' welfare work in Western Canada, will be at the Union church on Thursday night of next week. Forgie is an interesting and eloquent speaker and a full house should greet him.

The Successful Man

He has achieved success who has lived well, laughed often and loved much; who has learned the secret of pure joy in the love of little children, who has filled his life and accomplished his task; who has left the world better than he found it, whether by an improved penny, a perfect poem, or a rescued soul; who has never lacked appreciation of earth's beauty or failed to express it; who has always looked for the best in others and given the best he had; whose life was an inspiration; whose memory a benediction.

—B. A. Stanley.

Municipal and Real Estate Finance in Canada

The pamphlet entitled "Municipal and Real Estate Finance in Canada" just issued by the Commission of Conservation touches upon some of Canada's most difficult financial problems. It is a clear and convincing statement by Mr. Thomas Adams, Town Planning Adviser to the Commission, regarding housing, land speculation and high taxation, resulting from municipal waste and mismanagement.

No national problem in Canada is of greater importance than that which has to do with the conservation of human and financial resources in our cities and towns. This publication emphasizes the fact that until we employ sane methods in developing our community life any efforts being made to conserve our natural resources must be nullified as a result of the careless way in which the wealth derived from these resources is dissipated by bad forms of land development.

This pamphlet may be obtained free on application to the Commission of Conservation, Ottawa.

The roads through this district were never in better condition than they are at present, while between Bellevue and Cowley they are in a fearful condition. The first car for the season navigated its way through from British Columbia on Tuesday, after gangs of men had been at work for several days clearing some of the snow banks. The road scraper is being used daily through the district and we understand will be employed steadily in the hope of maintaining the present high standard. Auto traffic through this district will be unusually heavy this year and no place in the province is there greater need for strict attention to the main highways. Last week quite a number of touring parties came through via Spokane, the majority of them being obliged to transport their cars and equipment by train from Fernie to Coleman or Blairmore.

The Los Angeles Times refers to the wild women of the present day thusly: "A woman's place is doubtless in the home, but if she doesn't think so, there isn't much use in arguing with her. The day when a skirt can be locked up in the home is past. It is a sport skirt it will blow out of the window, if necessary. If a woman isn't of the home-making and ever-loving sort, it is a hard job to throw her over. It takes more than a marriage license to keep a woman in the environment of the home brew. When she has a passion for change and romance she will seek for them beyond the threshold of her home. A man may think he is boss in his own home, but he isn't—beyond a certain point."

Beating board is becoming a fad. An ex-uniform man left the Cos. about ten days ago, leaving an old dilapidated trunk containing a hotel pair of socks as a payment for almost a month's board. And he appeared to be a pretty good sport at that!

Temporary alimony of \$7500 per month, counsel fees of \$35,000, and \$12,600 for expenses was granted to Mrs. Annie Stillman in the suit for divorce instituted against her by her husband, James A. Stillman, the big New York banker.

The gophers announce that they will be at home daily between six p. m. and 5 a. m. during the summer months, and that any of their compatriots returning from parole in a half-shot condition will be forever excommunicated from their ranks.

Greater activity than for many years is now being experienced in the Lundbreck and Cowley farming districts. More than double the area will be seeded than last year, and judging from the very great amount of moisture the outlook for a record crop this year is bright.

The resignation of Rev. W. T. Young as pastor of the Central Union church has been accepted, to take effect early in June.

Frank Celli has sold out his fruit and confectionery business at Coleman to a Grecian company, composed of A. and M. Thanos and Mike Jarvis, of Saskatchewan.

The local football and baseball clubs have decided to fix up the grounds for the season on the flats just east of the West Canadian park, south of the track. Work of grading will proceed at once.

B. A. Kiernan was down from Wycliffe, B. C., for a few days.

Old Fort Ellis and Sioux Indians

Crossing the Plains to Fort Carlton

Summer 1875.

By O-G-MAS-ES (Little Clerk).

(Copyrighted)

Well, I at last had reached a real plain fort, and though I headed this article Fort Ellis it has taken some time to get there. But my readers must understand when an old-timer sits down to recall old events, reminiscences pour over him like a flood, and he is apt to wander from his subject, to please forgive me when I do this, and don't expect too much from the "Men Who Showed the Way."

Fort Ellis was a thoroughly well-built post for defence against hostile Indians, having a seven foot palisade with corner bastions and a walk around near the top of the wall made it impervious to savage attack. It was very picturesquely situated on the high bank of the Assiniboia River and commanded a beautiful view on all sides. Chief Factor Archie McDonald, a stern old married man, was in charge. His wife was a sister of the well-known Sheriff Inkster and I have pleasant recollections of her kindness to the young clerk. My rather dreaded interview with the chief was over, and I was told to make myself useful in the trading store until such time as council decided my fate. Then it might be James Bay or Hudson's Bay, Mackenzie River or New Caledonia, but what we care, the Great West was before us and adventure filled our souls.

Shortly after my arrival some very unwelcome visitors arrived from across the American boundary in the shape of some three hundred Sioux Indians. They had been fighting with the Yankees as usual and retreated into British territory. Fierce looking chaps, simply clad in a breech-clout and buffalo robe, well armed and numbers of white scalps amongst them. One old devil had seven, several of which, judging by the long hair, had belonged to white women. But what interested one of the young McKay's (my fellow clerk) and myself was the fact of two white girls, both wives of the old interpreter, who were evidently of Scandinavian birth, having fair hair and blue eyes. Poor things, they were Sioux in everything but their birth, and had evidently been stolen as babies, probably by the great warrior, Sitting Bull, where no doubt their parents had been killed. They were certainly under twenty years of age and quite attractive in appearance. Mr. Interpreter, however, kept a very careful eye on them, so we had no opportunity even for a mild flirtation, and then we neither of us could speak a word of Sioux.

These Indians demanded provisions from the company, as they were living on dogs and gophers with an occasional pony for a feast. The chief would not give them, as they had neither furs or robes to trade. Finally he gave them some work in building a long causeway to a hay swamp, for which they were to receive pay daily in flour and pemmican. Several of the men boasted the job, but being warriors they considered it infra-dig to work, so set the women

at it, and famous workers they were. Every night it was McKay's duty and mine to weigh out to each woman her individual pay in provisions, and there being a number of them this took some time.

"We have built too many railways. There is too much duplication of services. These must be cut down, and the problem is where to begin. The people want lower freight rates, but they will not permit us to cut off costly Sunday trains without a howl of protest. The country must make up its mind that some services must be foregone if rates are ever to come down," he said.

"Next to the unnecessary train services," he continued, "the greatest factor in maintaining high rates are the wages which have to be paid as the result of the McAdoo award of 1918, and the Chicago award of July, 1920. There are station agents on the Canadian National Railways whose wages are from \$120 to \$225 a month, but who are making from \$75 to \$125 a week as the result of over-time."

"If the public is willing to have these things go on, then it cannot look for any decrease in freight rates. Not only this, but I have no hesitation in saying that rates will have to go higher yet. The railways simply cannot make ends meet on even the present high rates, if they have to operate unnecessary trains and pay such exorbitant wages," Mr. Carvell declared.

Looks for Higher Freight Rates

Chairman of Railway Commission Advocates Immediate Adjustment With Labor.

Vancouver.—Only by dispensing with unnecessary train services and by reducing wages, can freight rates be brought down, Hon. F. B. Carvell, chairman of the Dominion Railway Commission, told members of the Kiwanis Club, in addressing them here.

"We have built too many railways. There is too much duplication of services. These must be cut down, and the problem is where to begin. The people want lower freight rates, but they will not permit us to cut off costly Sunday trains without a howl of protest. The country must make up its mind that some services must be foregone if rates are ever to come down," he said.

"Next to the unnecessary train services," he continued, "the greatest factor in maintaining high rates are the wages which have to be paid as the result of the McAdoo award of 1918, and the Chicago award of July, 1920. There are station agents on the Canadian National Railways whose wages are from \$120 to \$225 a month, but who are making from \$75 to \$125 a week as the result of over-time."

"If the public is willing to have these things go on, then it cannot look for any decrease in freight rates. Not only this, but I have no hesitation in saying that rates will have to go higher yet. The railways simply cannot make ends meet on even the present high rates, if they have to operate unnecessary trains and pay such exorbitant wages," Mr. Carvell declared.

Vindicates Transcontinental

Division of Traffic Now Going Through U.S. Is Sought By Senate.

Ottawa.—The Senate discussed the National Transcontinental Railway and the diversion of Canadian grain through United States ports. Although no definite action was taken in the latter regard, there was general approval of the necessity of immediate investigation into such diversion. "The subject arose in continued debate on the export trade of Quebec," Senator Louis-Weber said.

The subject arose in continued debate on the export trade of Quebec, made in 1904 and confirmed in 1910 was unfilled. "The transcontinental had reduced the distance between Quebec and Winnipeg by 200 miles and had also reduced the grades. Since 1916, however, not a bushel of grain had come over the line to Quebec.

The water and rail rate from Winnipeg to New York was 31.9 cents per bushel and all-rail from Winnipeg to Quebec was 36 cents. In recent years there has been shipped from the west 1,096,000 bushels of grain and of this amount \$18,000,000 bushels had gone via New York. Of the remainder, a great deal was manufactured into flour, leaving only a small quantity to export through Canadian ports. This discrimination was unfair, as the Canadian water routes had been made perfectly safe by aids to navigation. The matter called for immediate investigation.

Senator J. P. B. Casgrain said that the debate vindicated the policy of the construction of the Transcontinental Railway. That railway had shortened the mileage between Winnipeg and Quebec by 220 miles and shortened the time of travel by 14 hours, and was one of the greatest railways in the world. It should be utilized to a greater extent and there should be less talk about the "gray scheme of deepening the St. Lawrence channel."

Veterans Make Request

Full Army Pay Is Now Urged For Jobless Soldiers.

Ottawa.—Payment by the Government of army pay and allowances to all unemployed ex-service men, until such time as they are offered work commensurate with the physical condition, was urged upon the special representatives convening at J. P. Marsh, representing the Grand Army of United Veterans. Mr. Marsh declared that men were starving in Canada because no work was available for them. They did not want doles or charity, and the Government should provide them with means of subsistence.

B.C. Liquor Control Act

Victoria.—The new Liquor Control Act will be brought into force on or about May 1, Attorney-General J. W. DeB. Farris announces.

Soldiers' Re-Establishment

Hume Cronyn (London), who was recently re-appointed Chairman of the Special Committee on Soldiers' Civil Re-establishment.

Pleading for Peace in Ireland

Archbishop of Canterbury's Protest Against Reprisals Is Endorsed By Non-Conformists.

London.—Endorsing the Archbishop of Canterbury's recent protest in the House of Lords against reprisals in Ireland, nine bishops and heads of the principal non-conformist churches in Great Britain have sent a letter to the Prime Minister and Irish Secretary, pleading for peace in Ireland.

"The present policy," says the letter, "exposes us to misunderstanding and hostile criticism even of the friendliest of the world's nations."

The signatories include the moderator of the Scottish United Free Church, and the chairman of the Congregational and Baptist Unions of Scotland, the Wesleyan, Methodist and Presbyterian Churches and the Society of Friends.

Trouble Over Catholic Unions

Member for Quebec East Says That Minister of Labor Has Been Unfair.

Ottawa.—Demands for the resignation of Hon. G. D. Robertson, minister of labor, were made during a debate on the subject of Catholic National Unions, precipitated in the House of Commons on a motion to go into supply, by Ernest Lapointe, member for Quebec East.

Mr. Lapointe declared that the minister of labor had been unfair in his treatment of the delegates from the national unions and that he had discriminated against them in favor of the internationals.

The National Union had asked for representation in the forthcoming building trades conference, and not only had that been refused, but the deputations had been informed by the minister that their unions were "rascals and were liable to cause race and religious strife."

Turkish Cruelties

Understood That Britain Will Make An Official Protest Regarding Atrocities.

London.—A British protest is understood to be in prospect as a result of alleged Turkish cruelties and atrocities on Greek and Armenian Christians in Asia Minor. Terrorism is reported to prevail in Caesarea, where many Greek and Armenian Christians were killed.

In official circles, it is stated, a number of charges and counter-charges from the Greeks and Turks have been received in British quarters throughout the period of hostilities. The Greek charges are said to have been sustained and the British protest will be made direct to the Turks.

Calgary Teachers' Strike Is Off

Calgary.—The Calgary teachers will not strike. Another long discussion ended in a decision to accept the offer of the school board for advances totalling \$40,000, under protest.

The teachers had previously agreed to accept a 50-50 compromise, which would have brought increase totalling \$87,000.

Recovers His Speech

Minneapolis.—Paul Robertson, of Brooklyn, former soldier, who lost his voice after being shell shocked and gassed in France 31 months ago, suddenly recovered his speech here recently.

Short Time For Railwaymen

Moncton, N.B.—It was announced here that the working hours in the Canadian National shops at Moncton will be reduced shortly to three days a week.

Great Britain Is Now Facing Grave Industrial Crisis

U.S. Farmers Get Together

Unanimously Endorse the Co-operative Market for Nation's Grain.

Chicago.—Representatives of the farmers in convention voted unanimously to accept the report of the committee of 17 which provided for formation of a co-operative agency to market the nation's grain.

The report was adopted after a two-day fight in which delegates sought to have it amended so that pooling of grain by the farmers would be compulsory instead of optional as provided in the report. An amendment to that effect was defeated by 61 to 38.

Another amendment offered by Carl Williams, of Oklahoma, that the pooling be made compulsory in states where wheat is the predominant grain, also was defeated, and the convention unanimously adopted the committee report.

Huns In A New Role

Germans Are Now Desirous of Making Amends for Damage Wrought.

Berlin.—The government has arrived at a decision in regard to reparations in connection with the French devastated areas. This plan has been carefully worked out by the government officials and industrial experts, who have reached the conclusion that with regard to the methods of rebuilding the use of necessary material, and the questions of labor.

In making the announcement on behalf of the government, an official said: "We want to demonstrate the sincerity of our purposes which we have often expressed, and do whatever is in our ability toward rebuilding the devastated district."

Details of the scheme will be announced shortly.

Moderate Claim of France

Viviani Says French Really Entitled to One-Third More Than Amount Asked.

New York.—A defense of the French claims for German reparations is made by Rene Viviani, ex-prime minister of the United States and the New York Chamber of Commerce.

"Germany has contracted debts; she shall pay them," he declared. "Contrary to the general belief, this problem is not only for France and Germany, but the world, because peace will only flourish when the economic balance is re-established."

Speaking of Germany's claims that she is being taxed beyond her capacity to pay, he said: "Some have said that the claims of France were exorbitant. It is a lie. French ex-

have, since the treaty, lowered the claims and reduced their rights. France has abandoned more than one-third of that which she has the right of asking for, and generous time extensions have been given Germany."

Emperor Charles Reaches Switzerland

London.—Former Emperor Charles has arrived at Lucerne, Switzerland, according to a Zurich dispatch to the Exchange Telegraph Company. He was accompanied by the former Empress Zita, who met him at Buchs. Charles appeared to be in a very exhausted condition.

Resigns From House

Ottawa.—Sir Thos. White has resigned his seat in the House of Commons.

U.S. Claims Right to Participate in Peace Settlements

That It Did Not Join League of Nations Is Thought To Be No Barrier.

Washington.—Failure of the United States to ratify the treaty of Versailles, will not be allowed to detract from that country's right to participate in peace settlements, Secretary Hughes declared in notes addressed to Great Britain, France, Italy and Japan.

The note to Japan differed from the other three, in that it referred more specifically to the Japanese mandate over the Island of Yap.

All four notes reiterated the contention that the United States had sacrificed no rights in the peace settlement by reason of its unwillingness to join the League of Nations.

"The fact that the United States has not ratified the treaty of Versailles," the note said, "cannot detract from rights to which the United States is already entitled. It is

London.—With the breakdown of the conference between the coal owners and the striking miners concerning the wage dispute, and the pending decision of the railway to join the transport workers in supporting the miners, Great Britain is facing a great industrial crisis.

Premier Lloyd George, who has attempted mediation, announced the complete rupture of the negotiations to the House of Commons, making the significant statement that the issue raised was much wider than that of wages.

This was interpreted generally as meaning that the government and miners, to all intents and purposes, are again at grips over the old question of nationalizing the mines.

Some hope centred in the subsequent debate in the Commons when J. R. Clynes, chairman of the parliamentary labor party, and others pleaded with the Prime Minister to call the miners and owners again together with neither side offering conditions as the basis for the re-opening of negotiations.

Both the railway and the transport men state their intention of giving the miners full support, but no limitation was forthcoming as to whether this would mean a nationwide strike.

The government on the other hand continues its preparations to meet any emergency with the employment of all the facilities of the army and navy.

The failure of the conference, Mr. Lloyd George declared, came as a consequence of refusal of the miners' Federation to allow the pumpmen to return to work until the miners' conditions of national wage system and a national profits pool, had been accepted. The premier added that since it had been made clear the miners' Federation would not consider any settlement except conceding their demands in full, the government, relying on the assistance of the great mass of the people, must take every means in its power to meet the situation.

The view of the Minister of Labor, Mr. Lloyd George, was that it was not the pumpmen's return to work which the government was trying to prevent, but the miners' conditions of national wage system and a national profits pool, had been accepted. The premier added that since it had been made clear the miners' Federation would not consider any settlement except conceding their demands in full, the government, relying on the assistance of the great mass of the people, must take every means in its power to meet the situation.

The premier added that since it had been made clear the miners' Federation would not consider any settlement except conceding their demands in full, the government, relying on the assistance of the great mass of the people, must take every means in its power to meet the situation.

The view of the Minister of Labor, Mr. Lloyd George, was that it was not the pumpmen's return to work which the government was trying to prevent, but the miners' conditions of national wage system and a national profits pool, had been accepted. The premier added that since it had been made clear the miners' Federation would not consider any settlement except conceding their demands in full, the government, relying on the assistance of the great mass of the people, must take every means in its power to meet the situation.

Gigantic Irrigation Project

Irrigation Scheme to Cost \$7,000,000 Is Financed For Alberta.

Calgary.—Word has been received from the London offices of the Canada Land and Irrigation Company, Medicine Hat, that satisfactory financial arrangements have been made for the largest construction programme in its big irrigation project, undertaken for some years. This will include construction of distribution systems for many thousands of acres served by the main ditch. This is a \$7,000,000 project, which has been under way for ten years.

Canada's Fuel Problem

Vancouver.—Dealing with Canada's fuel problem in its national and international aspects during an address before the University of British Columbia, Arthur V. White, consulting engineer of the Commission of Conservation of Canada, strongly urged that special effort be made to store coal in the summer months.

Take Arms From Dublin Police

Dublin.—All the arms and ammunition in possession of the Dublin Metropolitan Police have been collected by the military authorities. It is considered unlikely they will carry arms in the future, owing to their recent disarmament at the hands of rebels.

U.S. Ammunition in Ireland

Discovery of an Underground Dump in Dublin.

London.—Methods by which the Sinn Feiners are receiving arms and ammunition have been disclosed by the discovery of an underground dump in Dublin. Ammunition boxes found there bear the stamp of a powder works in Massachusetts.

The boxes, the newspaper asserts, were shipped by Irish-American sympathizers who had established wireless communication between gun runners on the west coast of Ireland and in the United States.

Ralph Connor's Motion Picture

Calgary.—The first picture production based on Ralph Connor's novels to be marketed, is "Cameron of the Royal Mounted," which was sold recently to the First National Company of New York, with an initial payment down of \$125,000.

Canada Ratifies Protocol

Geneva.—Canada has just signed the protocol ratifying the statutes of the International Court of Justice, her action bringing the number of states which had adhered to the court, up to twenty-eight.

White Gives Reason

Montreal.—Sir Thomas White stated that the importance of the work of the Grand Trunk Arbitration Board was the reason for his resignation as member of parliament for Leeds.

Of Local and General Interest

A little bit of powder, and a little dab of paint, makes the girl of forty look like what she ain't.

Mr. Lincoln's faith in God was qualified by a very well-founded distrust of the wisdom of men.

Wanted to trade—book of cook tail recipes and a snow shovel for a new seed catalogue, or what have you.

Mr. Brooks, inspector from the department of dependent and delinquent children, was in town last week end.

Bellevue Oddfellows will attend annual divine service at the Methodist church, Bellevue, on Sunday, May 1st.

To judge from the amount of whiskey released for "medicinal purposes," Uncle Sam is the sick man of the world.

A dance will be given in the pool hall at Frank on Monday night next, for which the Blairmore orchestra will furnish music.

P. M. Christophers held service in the Union hall at Hillcrest on Sunday evening last. His subject of discourse was: "Communism versus Religion."

Pat Burns announces that soon cattle will not be allowed to go overseas unattended. We earnestly hope that Canadian women will follow suit.

We were slightly in error in our last week's issue in stating that the Crows Nest Pass Motors were expecting a carload of Molaughins. It should have read Studebakers.

"For Sale," read the advertisement in an Alberta paper, "a cow that gives two quarts of milk a day besides two grandchildren, a lot of farm tools and a set of harness."

This beautiful little blond was sung by a Chinaman and an Italian on Sunday morning last: "Into my garden came a pup, And now my radish seeds are up."

At Strathmore a bunch of picture enlargement pedlars paid stiff fines for not taking out town licenses to peddle their wares. The defence advanced was that they held both provincial and dominion licenses.

Rev. Father Murphy arrived here the early part of the week to take charge of Rev. Father Cosman's work at St. Anne's parish. Father Cosman leaves shortly on a health-seeking trip eastwards and may be away some months. Father Murphy is from New York State.

More young men and old bachelors were on the streets on Sunday last than at any time in the last twenty years. The reason: They had all read in the Calgary Daily Herald, fashion plate that the latest fad, skirts considerably above the knee, stockings turned down below the knee and the knee itself powdered and painted, would come in vogue on that day.

Work of renovating the local golf course has been commenced.

Coal to the value of \$1,913.15 was shipped from Canada to New foundland last year.

Following the line of least resistance is what makes rivers and men crooked.

Keep doing Napoleon said: "If I remain long without doing anything, I am done."

Very little business was transacted at Monday night's meeting of the town council.

The only way to find success quickly without working for it is look it up in the dictionary.

Miss Gladys Purvis arrived from Nelson on Monday evening to spend a few weeks at home.

Mr. Goudie, of Pat Burns' sales department, Calgary, is chaperoning Mr. Slye over the Pass district this week.

When a traveller ordered eggs for breakfast at the Cosmopolitan hotel this morning, the waitress inquired: "Eating or throwing?"

The degree of Doctor of Divinity has been conferred upon the Rev. Capt. A. H. Denoon, of Lethbridge. Dr. Denoon is shortly to take up pastoral work in Toronto.

It's no use working yourself to death to get rich, says an exchange. Wealth acquired that way will be overbalanced by the bills of the doctor and undertaker.

Small towns of Massachusetts are offering special inducements in the way of "cash bonuses" in their efforts to attract young physicians to settle in their midst.

Women have been granted full suffrage rights in the little Mohammedan republic of Azerbaijan, one of the newly-created dominions, lying between the northern border of Persia and the Caspian Seas.

Miss Worth last week terminated her contract with the Frank school board as teacher, and soon will enter upon a more important contract with longer lease of life. Miss Worth is succeeded by Miss Helen Robbins, of Blairmore.

This appeared in one of the big journals a few days ago: "Woodruff Place, 571 E. Drive. Room and board; modern, home privilege; gentleman preferred. Daughter wishes congenial room-mate. Apply Woodruff 6110."

Of the three thousand employees of the T. Eaton Co. who went overseas, the married men were carried on full pay, single men on half pay, until October, 1919. This military service allowance reached a total of \$2,206,448.

A Pass lecturer, addressing a big audience recently and quoting a distinguished authority, put it this way: "And, mind you, these are not my words! They are the words of a man who knows what he is talking about!"

Asbestos has been discovered in two or three places in British Columbia.

So far Germany has paid Britain in reparation money about \$500,000,000.

Adelina Rinaldi announces the arrival of six sons and daughters, all descendants of Aidsie.

Several steamers of the Newfoundland sealing fleet have reached port with fair average cargoes.

If this planet should be swept away by a flood, the next people would find glass deposits all over British Columbia, which would all represent "cache."

The new owner of an Overland car the other day ran the machine up against a telephone pole. When the darned thing made no effort to climb, he discovered that it wasn't a Ford.

If the new fad of painted knees is in vogue for six months, it's a safe bet that the majority of young cuffers will have forgotten entirely what a young lady's physiognomy really looks like.

On Tuesday next the ladies of the Church of England will hold their big sale of work, tea and dance at the local opera house. Sale will be from 2 to 7 p.m., and dancing from 8 to midnight.

In Japan the disposal of the husband's income is usually left to the wife, who manages the financial affairs of the home and from whom the husband takes his monthly allowance.

A passenger steamer will this summer run an excursion from Vancouver to Liverpool, via the Panama Canal; \$330 for one-way passage or \$550 for return ticket. It is expected that about three hundred will take in the trip.

It is now said that responsibility for the present high price of paper rests with American historical writers who hope to use up the output of all the paper manufacturing plants in the world to show us how "The United States Won The War!" Be jabbers, here's wishin' 'em luck!

A woman, met at an office a few days ago to "let us out." She claimed that we were neglecting her, for we have had several occasions during the past year to announce the visit of the stork in her behalf, yet never a word. Well, we confessed that we were sorry, but the facts seemed so unusual, we did not feel like giving them publicity.

The followers of Sheba will conduct another pilgrimage to Babylon on Wednesday night next. In celebration a grand dance will be held in the Union hall at Hillcrest, commencing at 8:58 o'clock. Cairo two-steps, Nile-blue waltzes and Zimboulas for trots will be heralded through streamers and confetti to the accompanying of the Banff orchestra.

Bishop McNally, of Calgary conducted confirmation services at Blairmore, Bellevue and Coleman on Sunday last, when a large number of candidates appeared for the laying on of hands.

The service at Blairmore was held in the forenoon, in connection with which the new church of St. Anne was duly dedicated for worship. Rev. Fathers Cosman, Murphy and McCormick assisted at the several services.

Loyalty in a man is one of his essential characteristics. Without it he is without power to do work of the kind that counts. Let it be loyalty to a principle, loyalty to his employer, loyalty to a seat, just so it is loyalty to some constant thing or person it will serve the purpose.
